THE EVENT

"Dragon Boat, a water sport for everyone!"

The Dragon Boat is an ancient boat that comes straight from an ancient Chinese legend, with a huge Dragon head at the front.

The Dragon Boat is about 12m long and 1m20 wide, and weighs between 250 and 300 kg.

The Dragon Boat is a water activity for all those who love sports, the outdoors, team spirit and conviviality.

It doesn't matter what age or physical condition you are in, you just need to be able to swim!

"A pleasure to paddle in a friendly atmosphere"

In the Dragon Boat, a team of 16 to 20 paddlers paddle together.

A drummer, at the front of the boat, sets the pace to the beat of a drum and gives the instructions for the race. A helmsperson, standing at the stern, steers the boat.

The official races are held over distances of 2000m, 500m and 200m.

"The Annecy Dragon Boat Festival, a unique event"

The Annecy Dragon Boat Festival, organised by the Canoe-Kayak Club of Annecy (CKCA) and Dragon Boat Attitude at the Base Nautique des Marquisats, is the biggest event of its kind in France.

Associations, companies, groups of friends, committed sportsmen or amateurs, you are all welcome. Come and join the adventure! Disguises and good spirit are welcome!

"2 days of competitions and conviviality"

On Saturday, the long-distance races will take place, followed by the results and the podium, and a festive evening under a big marquee with a meal, refreshments and music!

Pre-sale of meals at a reduced rate: remember to book!

On Sunday all day, the sprint events will take place, followed by the finals and the prize-giving ceremony, including the Fair Play prize!

Refreshments and snacks will be available all day long.
